Statistical Review

Adam Morehouse
SCA Statistician

All statistics included are as accurate as possible although slight inaccuracies may occur. Information used has come from scorebooks, match results published in the Sydney Morning Herald and on MyCricket and information provided to me from clubs and associations.

Statistics correct as at 30th June, 2018.

All statistics are taken from MyCricket and all care attention is taken to make sure all statistics in this grade cricket review are correct at the time of publication.

Where full scorecards and catches against batsmen have not been entered into MyCricket, these statistics are not recorded. This is especially true in some lower grade matches and is reflected in the statistics.
