2023/24 Season Statistical Review

*Adam Morehouse
SCA Statistician*

All statistics included are as accurate as possible although inaccuracies may occur. Information used has come from scorebooks, match results published on PlayHQ and Play Cricket and information provided to me from clubs and associations.

Statistics correct as at 10th April, 2024.

All scorecards are taken from PlayHQ and Play Cricket and all care attention is taken to make sure all statistics in this grade cricket review are correct at the time of publication.

Where full scorecards, wicket-keeper names, bowling analysis and catches against batters have not been entered into PlayHQ, these statistics are not recorded. This is especially true in some lower grade matches and is reflected in the statistics.
